Preliminary Programme

Keynote address: Tracking Cancer by Liquid Biopsy – 15 Years Adventure

Session 1: Cancer Biology & Metastasis

Session 2: Cancer Immunobiology & Microbiome

Session 3: Early Detection of Cancer

Session 4: Minimal Residual Cancer Detection and Characterization

Session 5: Liquid Biopsy and Immuno-Oncology

Session 6: Risk Assessment & Monitoring of Cancer Therapies

Session 7: Perspective of Liquid Biopsy

Host

RespirERA
IHU Côte d'Azur

IHU RespirERA
CHU of Nice, 4 Avenue Victoria
06000 Nice Cedex, France

Co-Host

EUROPEAN LIQUID BIOPSY SOCIETY

Venue

Hyatt Regency Nice Palais de la Méditerranée
13 Promenade des Anglais
06011 Nice Cedex 1, France

Congress and Exhibition Office

EUROPEAN LIQUID BIOPSY SOCIETY

Dear Colleagues and Friends,

It is a real pleasure for us to warmly welcome you to the 14th International Symposium on Minimal Residual Cancer (ISMRC) in Nice, France.

The ISMRC meetings were initiated almost 25 years ago in 1996 by Klaus Pantel, and, represent now a major event in the world related to many aspects of Liquid Biopsy in cancer patients.

This international meeting is a fantastic opportunity to gather for three days and share many updated aspects concerning the use of liquid biopsies in cancer patients. Moreover, this meeting covers many new developments of liquid biopsy for clinical implementation, with some specific focuses on the role of liquid biopsy in treatment decision making both for immuno-oncology and targeted therapies. Moreover, special sessions will be dedicated to the new aspects of minimal residual disease detection, early detection and screening cancers, and monitoring disease by blood sampling for tracking resistance mechanisms to different therapeutic.

The congress will include also more fundamental and translational presentations on different liquid biopsy components (Circulating Tumor Cells, exosomes, miRNA and circulating free DNA). Additionnally the perspective of liquid biopsy for the next few years will be presented. The 2025 meeting in Nice is supported by the European Liquid Biopsy Society (ELBS) and the new Institut RespirERA created in Nice (IHU RespirERA).

Plenary presentations will be given by leading international experts in different fields of liquid biopsy, as well as in cancer biology. Moreover, the ISMRC strongly supports young investigators through selected oral communications as part of plenary sessions but also poster presentations. Importantly, outstanding oral and poster presentations will be awarded with our Young investigator awards.

We look forward to welcoming you to Nice in May 2025!

Sincerely,
Paul Hofman
Catherine Alix-Panabières and
Klaus Pantel

Prof. Dr. Paul Hofman
Congress Chair

Prof. Dr. Catherine Alix-Panabières, Co-Chair

Prof. Dr. med. Klaus Pantel, Co-Chair

Confirmed Speakers

Catherine Alix-Panabières, France
Fabrice André, France
Benjamin Besse, France
Joanna Budna, Poland
Luis Diaz, USA
Yuval Dor, Israel
Janine Erler, Denmark
Sidonia Fagarasan, Japan
Karen-Lise Garm-Spindler, Denmark
Paola Gazzaniga, Italy
Christoffer Gebhardt, Germany
Simon Heeke, USA
An Hendrix, Belgium
Paul Hofman, France
Laura Keller, France
Sonja Loges, Germany
Raphael Lopez Lopez, Spain
Umberto Malapelle, Italy
Nuria Malats, Spain
Joan Massagué, USA
Koshi Mimori, Japan
Clara Montagut, Spain
Nickolas Papadopoulos, USA
Klaus Pantel, Germany
Jean-Yves Pierga, France
Nitzan Rosenfeld, United Kingdom
Carolin Sauer, United Kingdom
Charles Swanton, United Kingdom
Jean-Paul Thiery, France
Alexander Wyatt, Canada

Chair
